Ex. 6 - Personal Privacy

Well, happy to hear it didn't devolve into fisticuffs.

If we can get something more substantive than hopeful good intentions that get whittled down to nothing over time, that would be a significant step forward.

Fingers crossed!

Dang – sorry Teena! I thought I had made the change – apparently not! I'll change my profile and resubmit. Sorry I missed the Unit meeting today. I was at the EPA/ODF/DEQ/NOAA meeting today w/ Erik, Jayne, Jenny, Peter and Alan. No group hugs – ODF is pretty frustrated with some of the elements of our CZARA decision, and we are similarly not thrilled with the potential reduction in scope on the riparian rule making. Everyone was civil, though, and I think we set the stage for productive conversation in the future.

Take care,

Teresa
